*There will be visual presentations during this meeting. It is highly recommended to join the meeting using WebEx. If we experience bandwidth issues, participants may be asked to turn cameras off.

Join by phone (audio only): +1-415-655-0001 US Toll | +1-206-207-1700 United States Toll (Seattle) |
Attendee access code 240 323 92 [Global call-in numbers](#) [Phone key commands](#)

1. Welcomes & Introductions (5 minutes) 1:00 – 1:05 p.m.

Meeting Objectives:

- a) Provide an overview of Ecology's TMDL Alternative process.
- b) Present results from the [Burnt Bridge Creek Source Assessment](#).
- c) Discuss implementation opportunities and challenges.
- d) Discuss next steps and project timeline.

2. Overview of Source Assessment and TMDL Process (15 minutes) 1:05 – 1:20 p.m.

Devan Rostorfer, Water Quality Specialist, Ecology's Water Quality Program.

3. Burnt Bridge Creek Source Assessment (30 minutes) 1:20 – 1:50 p.m.

Sheelagh McCarthy, Hydrogeologist, Ecology's Environmental Assessment Program.

3. Discussion (35 minutes) 1:50 – 2:25 p.m.

1. What are some expected pollutant sources?
2. Are there priority areas that we should focus?
3. What are some implementation opportunities?
4. Are there active or upcoming projects that can help address water quality impairments?
5. Are there opportunities to align operations, maintenance, and stormwater implementation with water quality priorities?
6. How should we consider point source discharges in the Water Cleanup Plan?
7. What are some challenges and limitations?

4. Next Steps (25 minutes) 2:25 – 2:50 p.m.

- Timeline for TMDL Alternative Restoration Plan (2021 – 2022)
- Stakeholder engagement, public involvement, partnership opportunities.
- Meeting frequency.
- Communication preferences.
- Water Cleanup Plan development.

5. Final questions and meeting wrap-up (10 minutes) 2:50 – 3:00 p.m.
